

MARSEILLE / FRANCE

CHRIS GAVIN

DJ / PRODUCER / ARTISTIC DIRECTOR

HOUSE / PROGRESSIVE HOUSE / INDIE DANCE / MELODIC TECHNO

A Marseille-based artist with more than two decades behind the decks and in the studio, connecting house roots with progressive, indie and melodic club music.

HOUSE ROOTS. OPEN HORIZONS.

Chris Gavin is a Marseille-based DJ, producer and artistic director whose sound moves between house, progressive house, indie dance and melodic techno, with a strong emphasis on groove, tension and long-form storytelling.

Active for more than two decades, he has built a catalogue that includes releases on labels such as Renaissance, Bonzai Progressive, Brique Rouge, Ritual, Side UP Works and Ray Of Light. His work has also appeared in selections and compilations connected to artists including Carl Cox, Dave Seaman and Guy J.

Alongside his solo work, Gavin was part of the Danse Alice project, releasing music on Lumiere Noire, Throne of Blood, Ombra International and New Day Everyday. This chapter expanded his musical language toward a darker, more leftfield and indie-driven approach.

Based in Marseille, Chris Gavin is also the founder, artistic director and resident DJ of Danceteria, where he develops the club's musical identity and programming while maintaining an active international DJ and production career.

"Groove first, genre second - a club language shaped by house, progressive tension and darker electronic edges."
